

Boys U16 Competitive Soccer - 2010 Season Information Letter

Parents and Boys of '94. I would like to take the opportunity to welcome you all to the 2010 summer soccer season.

The boys in this group will be vying for a position on the BU16 Div1 team, the tryout sessions will be run by me Carlos Romero. As all the players try to come together as a team as quickly as possible in preparation for the season I will make every effort to make the player selections in a timely manner, which is never an easy task. I am certain many of you are wondering who the assistant coach and team manager is, unfortunately, at this point no parent has come forward so I'm asking for your help. Should anyone know of an individual who is interested in assisting with the coaching, or being the team manager, please let me know. Should your son not be selected, I encourage them to continue to play soccer and develop their skills.

The commitment required to play is significant and should be given serious consideration. Month long vacations have a negative impact on the team (specially this year in which the U15B play on the same night) and the player's development and should this be applicable please advise us now – it is only fair to the coach and the other boys. As the time to develop and learn is in practice whereas games are to apply what has been learned – attending practices on a regular basis is important and should this represent a problem due to conflicts or for any other reason, again, please advise us now.

If I have missed anyone or know anyone interested please forward this email.

Thank you for your cooperation and looking forward to a successful season.

Carlos Romero
